

## Why I Ride Safety Rap - Dylan Gaissert

### Ramstein Motorcycle Safety Rap Ramstein Motorcycle Safety Rap

(Verse 1) Yo, listen up, I'm 'bout to share some truth Motorcycle safety, European roads we cruise Local hazards, higher risk we find Round-a-bout, ROB-CP, KapaunAS intertwined

Lack of street lighting, keep an eye on the scene Construction zones, yellow lanes intervene Wildlife dashing, hogs, deer, and fox Other drivers braking, speed cameras, roadblocks

(Chorus) Survival secrets, speed within your means Watch the wheels, PMV4 it seems Don't challenge for your right of way Ride like you're invisible every single day

(Verse 2) Local conditions, weather's what we face Winter cold, summer heat, we embrace Black ice, flash freezing, temps below Heat exhaustion, dress right, good to go

Sun behind you, green light, will they see? Wind's blowin' strong, crosswinds disagree Rain comin' down, hydroplaning fears Sporadic sprinkling, heavy downpour nears

(Chorus) Survival secrets, speed within your means Watch the wheels, PMV4 it seems Don't challenge for your right of way Ride like you're invisible every single day

(Bridge) DAFRider tidbits, group mentality Influences behavior, ride individually Know your peers, their skills and your own vibe A DAFRider, always ride your own ride

(Verse 3) Mishap stats, DAF fatal, 54 11 PTD, PPD, same score 14,951 workdays lost, that's a fact \$565,832,402, the impact

USAFE, 3 fatal, 0 PPD or PTD 1,162 lost workdays, in this reality \$32,698,696, mishap costs we fight Ramstein, 0 fatal, 0 PPD or PTD, that's right

(Chorus) Survival secrets, speed within your means Watch the wheels, PMV4 it seems Don't challenge for your right of way Ride like you're invisible every single day

(Bridge 2) Rider pre-ride checklist, body, mind, and bike Organized, prepared, safety we do like Primary causes, speeding, PMV4 turns Alcohol and behavior, lessons that we learn

(Outro) So remember the rules, as you ride through the land Motorcycle safety, in Europe understand Keep your focus sharp, and your vision clear Ride with caution, and you'll persevere
