

ONLINE HOLIDAY SHOPPING SAFETY

1. Only buy from sites that start with "https://"
2. Make sure your security software is up-to-date before shopping
3. Never enter sensitive or financial information into pop-up windows on suspicious emails
4. Dedicate one credit card for all your shopping needs
5. Do not shop using public Wi-Fi, as any sensitive information you give away could be fraudulently used
6. Create complex passwords on shopping sites, combining letters, numbers and special characters
